Here's why thousands can't have telephones

Factories, machines and personnel that used to produce telephone equipment are now needed to fill war orders. So the "Go" signal for war materials is the "Stop" signal for telephones.

The parade of the tools of war to our armed forces has halted the parade of telephones into homes. Even in cases where the premises are already wired and there is a telephone in place, it is not always possible to provide service. There may be no line from house to telephone pole; there may be no spare circuits in the cable to the central office; or there may not be enough central office equipment. There are many links in the chain and one missing link will prevent service.

Saanich Peninsula Branch
No. 37

BRANCH MEETING

The monthly meeting of the above branch was held on Monday, June 12, at the Orange Hall, Saanichton.

There were 23 members and two visitors present including the following officers of the branch: President, second vice-president, secretary-treasurer and Comrades Deacon, Garrard, Hall and Collin.

The president called the meeting to order at 8:20 p.m. with the customary tribute to our fallen comrades.

Minutes of previous meeting were read and adopted and minutes of executive meeting read for information.

The report of the May meeting of the Victoria District Council was read.

The following were admitted to full membership of the branch without ballot:
Arthur Holder, Deep Cove.
A. H. Lunt, Saanichton.

Correspondence was read and suitably dealt with.

The president introduced Comrade R. Knight, the newly elected first vice-president of the B.C. Provincial Command. Comrade Knight addressed the meeting and gave his account of the provincial convention, dealing especially with the educational work of the Canadian Legion War Services.

This was followed by a report

from Comrade Garrard, one of the branch delegates to the provincial convention dealing especially with the rehabilitation brief presented by the new veterans' branch.

The secretary-treasurer, Comrade W. Douglas, who was the branch delegate to both the Provincial and Dominion Commands, gave his report on both conventions covering proceedings and work accomplished very fully.

A vote of thanks was accorded Comrades Knight, Garrard and Douglas for their reports.

A resolution was adopted that letters be sent to the Attorney General for B.C. and the Saanich Police protesting the reckless driving of the armed services vehicles in the district and asking that the matter be dealt with at once.

Resolution adopted that the next ordinary meeting of the branch be held on Monday, Sept. 11, and that the executive arrange a branch picnic to be held during the summer season.

The meeting adjourned with the singing of the national anthem at 10:30 p.m.

The rest of the evening was spent in the supper room.

IN MEMORIAM

In loving memory of Eleanor Coward, who passed away June 21, 1943.

Today recalls the memory of a loved one gone to rest, And those who think of her today Are those who loved her best.

The flowers we place upon her grave, They wither and decay, But the love of her who lies beneath Will never fade away.

Inserted by her loving husband, William G. Coward, and family.

IN MEMORIAM

In loving memory of Eva Claude Roberts, who passed away a year ago on the 18th day of June, 1943. Beloved wife of W. H. Roberts, and mother of E. H. Roberts, R.C.N.V.R., Halifax, and Gladys Bath, Sidney.

Away in the beautiful somewhere, Sheltered from sorrow and pain; When our last journey's ended I know we shall all meet again.

It's coming — THE ROCKET EXPRESS! — promised by men who think of tomorrow

Just as the jet propelled fighting plane has come today, the Rocket Express will be here tomorrow, carrying scores of passengers through the stratosphere from Montreal to Mandalay faster than you would have dreamed possible. Luxurious, air-conditioned, sound-proofed, this jet propelled transport will regularly fly the airways of the world in a not too distant future... thanks to the work of Men Who Think of Tomorrow!

Great as is the gift which air transportation has made to the world today... bringing the peoples of the world closer together, expediting business and industry, bringing new mobility and therefore new opportunity to millions... a still greater future in the air lies ahead of us, being planned today by MEN WHO THINK OF TOMORROW!

But let us not look so far ahead that we cannot see the barrier which stands before us today. There is a war to win... first! And the winning of the war calls for every ounce of energy that we, as a

nation and as individuals, can muster.

• Look to tomorrow, yes. But today... stick to the job of producing for war, cooperate with every government program designed to help win the war, buy Victory Bonds and War Savings Certificates with every last dollar.

• That's the way to make sure that Canada will have its future.

• Let's all be MEN WHO THINK OF TOMORROW!

THE HOUSE OF SEAGRAM

All Seagram plants in Canada and the United States are engaged in the production of high-proof alcohol to help speed the war to a victorious end. High-proof Alcohol for War is used in Smokeless Powder, Plastics and many other wartime products.
